Dear Team at Worldwide Conferences,

Subject: Appreciation for Successfully Organizing the 4th Annual International Conference on Dam Safety

On behalf of the National Dam Safety Authority, I extend my sincere appreciation to Worldwide Conferences for successfully organizing the 4th Annual International Conference on Dam Safety Aspects of New and Old Dams during Unprecedented Floods at Crown Plaza Hotel, New Delhi.

The conference provided a platform for industry experts, policymakers, and researchers to share knowledge, best practices, and case studies on critical dam safety issues. The discussions on increasing the free flow capacity of spillways and the use of Roller Compacted Concrete (RCC) in dam construction and rehabilitation were particularly insightful and timely, addressing key challenges in dam safety and flood management.

I commend the efforts of your team in bringing together distinguished national and international speakers, ensuring meaningful discussions that contribute to advancements in dam safety strategies. Your dedication and professionalism in hosting this conference are truly commendable.

Once again, congratulations on a well-organized and impactful conference.

Best regards,

Yours Sincerely

(Anil Jain)
